## CHAIRMAN'S MESSAGE

*"The very essence of learning lies in the simple, yet not much understood fact, that every child develops and evolves into a responsible and dutiful citizen of the country..." And We, at G.D. Goenka, Gaya stand committed in our mission to shape the future of our nation with ever caring hands, with a nurturing touch of our hearts.*

*This is a futuristic school which takes proper care of every child's Educational, Psychological, Social and Emotional needs. The conditions apt for learning is carefully woven into the learning system to build a conducive environment, much intricate to ensure that every child indulges and engages himself, in meaningful learning experiences.*

*We endeavor to strive for Academic Excellence for which we constantly challenge ourselves, often shifting and re-focusing on our paradigms to set new benchmarks of success.*

*Our focus is majorly in developing the 21st century skills for learners with the touch-points of 4 C's : Critical Thinking, Creative Thinking, Collaboration sidelining Competition and effective Communication. While children engage themselves in Digital Literacy and becoming more aware global citizens of the world, our focus is to push them little further in their role in Social Responsibility and move on their affinities to and respect for Indian Culture and Heritage. Our children certainly have dreams for future, but they are grounded to the roots of Indian-ness and its tradition.*

*R. S. Rathaur*

# What is education without change ?

Welcome to G. D. Goenka Public School.  
Here education is all about change.  
Change in teaching methodology.  
Change in technology. Change in outlook.  
Change in dependance.  
For Learning & Change are synonymous.

Higher > Stronger > Brighter

The presiding members in the Goenkan Classroom are the Interactive white boards used in GDGPS as a replacement for traditional white boards or flipcharts. They provide ways to show students everything which can be presented on a computer's desktop (educational software, websites and others) in an actual working setting.

In addition interactive whiteboards allow teachers to record their instructions and post the material for review by students at a later time. This is a very effective instructional strategy for students who are absent from school, for students struggling while learning, and for review work during examinations.

## Interactive Smart Boards in all the Classes

- Creative video files to teach a software application, a lesson, or as a review to be posted to the server on the web.
- Use the built in maps to teach continents, oceans, countries, or states and capitals.
- Showcase presentations created by student or teacher.
- Have students create e-folios including samples of their work and narration.
- Digital storytelling.
- Taken notes directly into Power Point Presentations.
- Reinforce skills using on-line interactive web sites.
- Creating a project calendar.
- Illustrate and write a book. Use the record feature to narrate the text.
- Use the Inter write software to create lessons in advance at home or at school. Then save them for future use or share with other teachers.
- Diagramming activities.

## Transport

GDGPS has a large fleet of air conditioned buses. Each bus is designed for safety and comfort of children. The buses carry a highly trained driver, conductor and a guard supported by radio paging, mobile phones, global positioning and GPRS system.

Additionally a female teacher and a nanny accompany the children on all junior bus routes.

The school operates different bus routes. The details of bus routes, pick-up and drop-off points, time schedules and bus charges will be provided by the School at the time of admission of students.

Safety and Security of a child is of prime importance to us here at G.D. Goenka.

Trained Guards are posted at all vantage points and in buses to safeguard children. The safety procedures at the entry gate are rigorous while screening visitors.

Stringent safety norms are laid down to ensure that each and every child feels secure and protected throughout. It is not just shielding from external threats but also safeguarding them from hazards. The construction, the furniture design, toxin free equipments, apparatus, swings, toys and games etc. are special features towards that objective.

Our carefully selected human carers, teachers and well-equipped security staff are supported by technical systems exceeding international safety norms.

There is a Public Address (PA) system, and a 100% power and water back up. EPABX connections enhance communications facilities for parents. In addition, the school is well guarded by trained security staff.

Access control cards restrict student entry to academic block. Also the senior and junior sections have different access codes.

## Health and Hygiene

Good Hygiene is a key part of quality living.

In day to day life settings, hygiene practices are employed as preventive measures for preservation of health and healthy living. Sparkling cleanliness is just one part to ensure quality and prevent the onset of disease causing organisms. Electronic faucets with sensors and other fitments are added shields. Highest standards of hygiene and cleanliness are maintained.

Another step in the direction is the provision for drinking water. Only R.O. water is served for drinking purpose in disposable glasses through a large number of water dispensers placed at convenient locations all over the campus.

The School cafeteria managed by a renowned caterer, serves nourishing, wholesome snacks, meals and juices in the most hygienic conditions.

The menu is planned for its nutrition content and taste, for growing children by a qualified nutritionist.

## Medical & Counseling Facilities

The medical care for children is of foremost concern in terms of care of child and life saving. The medical facilities are unparalleled in school health care. There is a spacious, airy and well equipped medical room.

Apart from a regular Doctor and Nurse, child health is regularly monitored by a team of specialist doctors as a preventive and restrictive measure. This includes regular eye and dental examination.

Well qualified Counselors cater to all age group of students and teachers for a balanced mental health as well as behavior modification and guidance.

The Guidance and Career counseling department helps every student to explore possibilities that are commensurate with their respective skills and abilities.

The Counselors provide support that enables the students to become more aware of their resources.

## Faculty

A Master can tell you what he expects of you.  
A Teacher though, awakens your own expectations.

An enthused, dedicated and well qualified faculty oversees the well being of your ward. Teachers use a student centered style which instills confidence, initiative and the development of critical and analytical skills. The entire faculty is technology-trained and uses technological teaching aids to make learning more interactive and effective. Each staff member also imbibes the Goenkan culture and ethos, the thread that binds the entire teaching fraternity of the Goenkan Society.

Regular in-service programs keep the faculty abreast of the latest National and International developments in the field of education. This influences them to think 'Out of the box' and innovate, improve upon styles, approaches and methodologies. The opportunities for formal and informal relationships with Goenkan faculty are plentiful and rewarding resulting in lifelong association as well as professional mentorship that shapes students' lives and careers.

## Sportspersons are not born, but made.

Sports impart health and agility of mind in a practical manner on the playground.

At G. D. Goenka Public School, Sports and Games are an integral part of Education.

Playground is a place of transformation and the nerve centre of all activities. In addition to general physical development, it is here that they learn to become performers, achievers, decision makers and leaders. They are role models for other children as they are admired, applauded and followed. The Sports achievers are perceived as daring, driven by passion.

Sports for all-Mass participation of children in Physical Education programme/ activities is considered mandatory in order to propel physical fitness of each individual.

# SPORTING ACTIVITIES

G. D. Goenka Public School provides ample opportunities for students to take part in team games or develop solo skills. Students of all ages and abilities are encouraged to take part in sporting activities, to learn about team work, fitness and the value of sport in life. Well planned Cricket, Soccer and Skating facilities are being provided under the supervision of skilled instructors.

A most modern health care and fitness centre with latest equipments is also available in house. The Physical Education Programme has been divided on the following segments: Sports Activities Outdoor / Sports Activities Indoor / Swimming / Taekwondo (Defense) Physical Fitness Training - Gymnasium / Health and Fitness Training - Yogo & Aerobics.

## INDOOR ACTIVITIES

FITNESS CENTRE | TABLE TENNIS | CHESS |  
AEROBICS | YOGA | SQUASH | INDIAN DANCE |  
WESTERN DANCE

## SCIENCE & TECHNOLOGY

### Learning to Do....

A unique school which in its balance of pedagogical and technological elements provides the optimum conditions for learning. Scientific temper is inculcated in each child through exploration, observation & discovery. A hands-on approach is adopted at all developmental stages leading to conceptual understanding and an inquisitive and analytical mind.

Emphasis is laid sensitising the learners to the application of concepts in not only day to day lives but also in the service of humanity and as a major instrument for achieving goals of self reliance, socio-economic and socio-ecological development.

Science as a stream is introduced for senior classes in a wide ranging programme covering Physics, Chemistry, Biology and Biotechnology. It will provide students with a scientific approach to advanced studies, and the students will be exposed to the latest development by regular visits to Science and Research Centers.

State-of-the-art labs form the basis of the research work. Robotics, Aero-Modelling, Electronics, Space Study and other science related activities propel a child's mind towards innovation and invention.

## LEARNING TO KNOW

### Library & Internet Labs

The superbly well stocked library houses a vast collection of books, digital sources, resources and services on a wide range of topics.

The endeavour is on inculcating the reading habits in children, giving a free rein to their imaginative minds in comfortable and conducive ambience. The reference sections support the curriculum and beyond. The advanced Digital Library and an e-library section is the response to need of the times expanding the horizons of all learning beyond limits.

There is Campus-wide broadband e-connectivity with Wi-Fi for anywhere anytime computer learning. All students have supervised internet access.

They will be familiar with the software packages used in modern business applications such as Word-Processing, Spreadsheets, Databases and Power Point Presentations.

There is a Hi-Tech e-Library where students have access to online encyclopedias and reference materials in addition to a wide gamut of books and magazines.

Swimming Pool

Horse Riding

# World-class Education for a Global Future

The Performing Arts infuse self confidence in children apart from manifesting their inherent talents and nurturing them. This self expression through the Performing Arts defines our inner selves and projects it to others for all to appreciate and admire. All students are taught the importance of finer aspects and oratory skills :- the nuances, voice modulation, stress and intonation etc.

This brings a whole lot of difference to the spoken words. Drama, Theatre, Classical Dance (Indian & Western), Modern Dance (Indian & Western), Choreography, Direction, Vocal Music, Instrumental Music, Debating, Elocution, Group discussion, Story telling, Public Speaking etc. are all interwoven into the fabric of our Educational experience.

### Area and Building

G. D. Goenka, Gaya has embraced technology and provides an infrastructure in a manner characteristic of a very few city schools in the country.

The campus has been thoughtfully designed to create a dynamic environment which triggers learning and facilitates the teaching process. It has been designed to miniscule details and addresses the contemporary needs of the Learners.

### Salient features include:

- Campus spread over 6 acres in a pollution free lush green environment.
- Centrally air conditioned with temperature control, 100% power and water back up.
- 24 hours CCTV surveillance for monitoring and deterrence, Access control of specified areas, Fire Detection and fighting measures as per highest standards.
- Campus wide broadband e-connectivity.
