

## **MONSOON WEEK ACTIVITY (UKG – II)**

**21st – 27nd August 2025**

To introduce children to the beauty of monsoon season, Monsoon Craft activity was conducted for the students of Kindergarten to Class II with the aim of engaging them in fun, age-appropriate craft related to the rainy season. The activity helped students explore the colors, sounds and elements associated with monsoon in an enjoyable, educational format.

The students of class UKG made origami boats and a talk on monsoon season and rainbow colors was given in rhyme recitation and dance form.

The students of Class I made paper snails using their creativity and imagination to design and decorate their snails. This activity promoted their creativity, fine motor skills and theme awareness.

Class II had the theme monsoon magic and created beautiful paper umbrella with cloud and raindrops. Students expressed their understanding of monsoon elements like rain, clouds and umbrella through colorful art work. They enjoyed working alongside peers, sharing craft material and ideas. Teachers guided the children and appreciated their efforts. Each student displayed their craft with pride.

The colorful artworks now adorn the classroom walls creating a vibrant monsoon themed environment.
